

Gayla No. 867 Crystal Kite Assembly Instructions

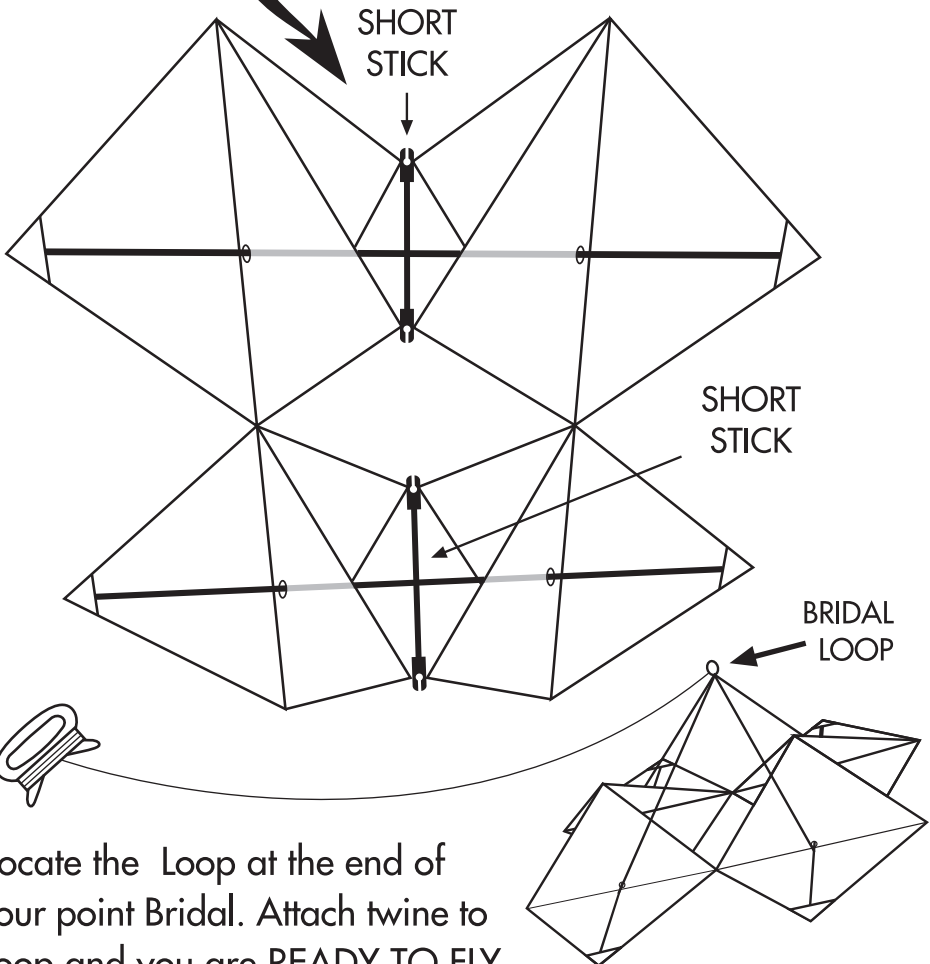

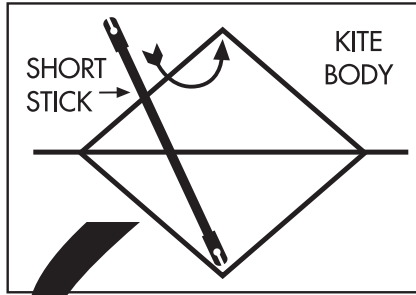

1. Locate the kite side with the Bridal Rings. Insert the 2 LONG STICKS by sliding the sticks through the two Bridal Rings and holes located in the center of the kite. At each end, insert the sticks into each pocket located at the end of each wing.

2. Open the opposite ends of the kite body and insert the 2 SHORT kite sticks by placing the kite body into the short stick's open ends.

End View Of Kite Body

3. Locate the Loop at the end of the four point Bridal. Attach twine to the loop and you are READY TO FLY.
